- In accordance with Dlg. 14 March 2014 n. 49 and the directives 2012/19/UE and *D.lgs 20/11/08 n.188*;
- In accordance with the operational and financial responsibility in charge of the producers for the WEEE and Batteries and Accumulator management of these Legislative Decree;
- Following the Statute and Rules of the Consortium ECOEM, of which the undersigner company has read and knowledge;

1. Apply:

to become member of ECOEM – consortium founded on the 24th January 2008 act 139893 of rep. The Dr. Aniello Calabrese, notary in Pagani, accepts all the provisions mentioned, and the decisions approved by the Consortium ECOEM.

2. States:

- Not be in liquidation, bankruptcy or other insolvency procedures, excluding the controlled administration and the extraordinary administration;
- Is not current member of the other Consortium or Collective System for the WEEE and Batteries and Accumulators management;
- To join ECOEM for the management to these sectors:
 - Domestic WEEE
 - Professional WEEE
 - Batteries and Accumulators
- To join ECOEM for the categories reported in the table n°1 shown below, indicating the turnover range of the previous year at the subscription, in order to fix the entrance fee, and the membership annual fee;
- To pay under the established terms, the entrance fee, the annual membership fee, the contribution or refunded of costs related to the WEEE and Batteries and Accumulator management (either domestic or professional WEEE or Batteries and Accumulators), calculated according to the procedures following the art. 4, 5, 7, of the Statute and art. 5 of the internal Regulation and the extraordinary contributions that may be approved by the Assembly;

3. Is committed:

- To accept the Statute and Rules without reservations or conditions;
- To appoint ECOEM as WEEE and Batteries and Accumulators representative, in accordance with the Consortium statute and to the obligations of the Member following the law on WEEE and Batteries and Accumulators management through ECOEM, in particular for the information and communication obligations;
- To accept use and conditions of the ECOEM's brand;

Consorzio ECOEM

Registro Pile e Accumulatori: IT11031P00021

E-Mail info@ecoem.it - www.ecoem.it

Numero Verde 800 198674

- To communicate to ECOEM the EEE Producer National Register's details, or to send to ECOEM the copy of the Register application;
 - To provide the company logo for any communication or advertising initiatives adopted by ECOEM's board (Internal Regulation art 10);
- According to the following table

Class	Turnover Range (1) Million of €	Entrance Fee(€) Ordinary Member
5	over 30	3.000,00
4	15 < fatturato ≤ 30	2.000,00
3	5 < fatturato ≤ 15	1.500,00
2	2 < fatturato ≤ 5	1.000,00
1	fatturato ≤ 2	500,00

NB:

[1] The relevant turnover range is determined by the sales revenue generated from the sales on the Italian market (through all sales channels) of the EEE and Batteries and Accumulators belonging to the categories for which the Member is producer in according to Dlg. 14 March 2014 n. 49 and the directives 2012/19/UE and D.lgs 20/11/08 n.188;

The turnover must be shown net of VAT and refers to the last year available.

If the member join ECOEM for more than one category, the entrance fee is calculated on aggregate sales of the EEE and Batteries and Accumulators for the categories declared.

To pay^[1], the Entrance Fee of Ordinary Member amounting to

€ 500,00 [Classe 1]

Attached 1 - estimate of put on market

indicate a sales estimate for the current year or last year's value of sales with values in weight (kg) for the categories to which they belong.

N°1	Temperature exchange equipment	Domestic	Professional
1.1	refrigerators		
1.2	freezers		
1.3	appliances that automatically distribute cold products		
1.4	air conditioners, dehumidifiers, heat pumps		
1.5	oil radiators		
1.6	other temperature exchange equipment with fluids other than water		
2	Screens, monitors and equipment with surface displays greater than 100 cm2	Domestic	Professional
2.1	Screens		
2.2	Televisions		
2.3	Digital LCD frames		
2.4	Monitor		
2.5	laptop, notebook		
3	Lamps	Domestic	Professional
3.1	Fluorescent tubes		n.d.
3.2	compact fluorescent lamps		n.d.
3.3	Fluorescent lamps		n.d.
3.4	high-density discharge lamps, including high-pressure sodium vapor lamps and metal-based lamps, low-pressure sodium vapor lamps		n.d.
3.5	LED		n.d.
4	Large equipment	Domestic	Professional
4.1	Washing machines		
4.2	Dryers		
4.3	Dishwasher		
4.4	cooking appliances, electric heaters, electric hot plates		
4.5	lighting equipment		
4.6	apparatus for reproducing sounds or images, musical apparatus		
4.7	sewing machines, knitting machines		
4.8	great printers		
4.9	great copiers		
4.10	large coin-operated machines		
4.11	large medical devices		
4.12	great tools for monitoring and control		
4.13	large appliances that automatically distribute products and money		
4.14	photovoltaic panels
